RC 412 FLAME (Lehman) D-M-H26. A lovely new lively bright red which will brighten up the garden by itself. \$1.00 each.

YC 419 GOLDEN ARROW -- DIS. Deep golden yellow incurved "Harvest Giant" \$1.00 each.

PC 413 RASPBERRY FESTIVAL (Bristol) D-E-H22. Shapely 3" recurve of bright deep rose pink overcast silvery lilac. Appear to be dipped in raspberry. Lovely shiny green leaves and an excellent cut flower. \$1.00 each.

PC 414 SNAPPY (Lehman) D-E-H15. A stunning compact low grower topped with fine carmine rose flowers. Healthy foliage \$1.00 each.

" H A R V E S T G I A N T S "

JUST IMAGINE! Now YOU can grow
Football Mums in the GARDEN without
Black Cloth or Rain Protection.

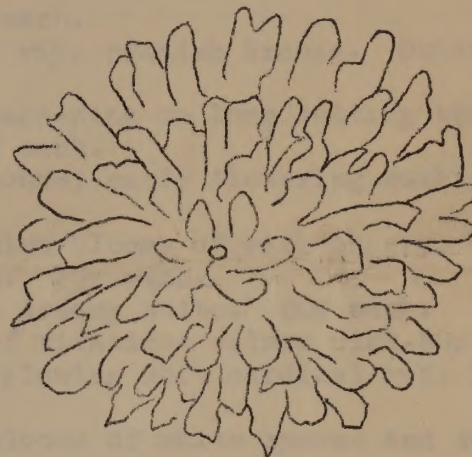

In order to achieve maximum flower
size plants must be disbudded. Dis-
bud leaving only one flower to a
stem. Without disbudding, the flowers
are more numerous but somewhat smaller.
All of the "Harvest Giants" bloom the
last half of September except Red Skin
which blooms October 1st.

\$1.00 Each

SP-9 "HARVEST GIANT" SPECTACULAR

One each of the six listed

Harvest Giant Mums \$5.10.

Yc 419 GOLDEN ARROW - A striking deep golden yellow incurve on a compact plant. New 1961 Introduction.

BC 402 INDIAN SUMMER-- Spectacular deep bronze with golden reverse. Extra large flowers up to 6 $\frac{1}{2}$ " in diameter.

BC 403 PUMPKIN - Masses of soft golden bronze incurved flowers up to 5" produced on sturdy compact plants.

RC 404 RED SKIN - Large reflex type flowers of vivid burgundy red measure up to 5" in diameter.

PC 400 SEPTEMBER SONG - Extra large rose pink flowers continuously from mid-September 'til hard freeze. Compact plant.

WC 396 WHITE FROST - Pure white semi-incurved flowers up to 5" across.

HARDY CHRYSANTHEMUMS -- 1961

Hardy Garden Chrysanthemums are easy to grow. All plants listed here are healthy young potted plants which will bloom for you this fall. We give the approximate period for blooming. A culture sheet is sent with each order.

D--Double	L--Blooming early October
SD--Semi-Double	DIS--Can be disbudded for extra large
SP-Spoon	exhibition size blooms. Four to
H--Height in inches	five inch blooms, when grown in
E--Early blooming (before Sept. 15)	garden. Six to eight inch blooms
M--Blooming September 15-30	when disbudded.
ct--Good for cutting.

TERRACE VIEW GARDENS

YOU are most cordially invited to visit us at any time. We are located on State Road 240 at the East edge of Greencastle. We are open daily except Wednesday afternoon and Sunday. Our Chrysanthemum Display is at its best in early October.

-- PERENNIALS --

DWARF HARDY ASTERS

DWARF ASTERS are fine low growing perennials, six inches to a foot high especially satisfactory for edging and group foreground planting. They provide color in late summer and are ideal companions to your hardy chrysanthemums, coming into bloom a few weeks earlier but lasting well into the chrysanthemum season. They are absolutely hardy and are not bothered by most insect pests. They grow in most soils.

PA-2 PERSIAN ROSE - Shapely, sturdy bushes covered with Persian rose blooms from late August to October.

PA-3 LAVENDER MIST - A lovely mound of light lavender flowers.

PA-4 MARJORIE - Large bright pink flowers borne in profusion on sturdy plants.

PA-5 WHITE FAIRY - Large pure white flowers cover the shapely bushes from late August until end of season.

PA-6 ROMANY - A rich flowering carpet of royal purple flowers forming mounds 6" to 10" high and up to 15" across.

PA-7 LITTLE BOY BLUE - Large light blue flowers on a sturdy low mound; pale green leaves.

PA-1 ASTER BLUE - Multitudes of small bright blue flowers cover the shapely 18" plants. The tallest dwarf aster we offer.

50¢ each; 3 of same variety for \$1.30

SP-13 COLLECTION OF ONE EACH OF THE 7 VARIETIES -- labeled for \$3.00

GYPSOPHILA (Baby's Breath)

PG-1 BRISTOL FAIRY - Double flowering Baby's Breath. Large white florets in airy panicles make it ideal for cutting. Blooms almost all summer from early June until frost. They are sturdy young plants which will bloom the first year. 75¢ each.

PG-2 PERFECTA - Bristol Fairy retains great popularity but now a new one is available with larger flowers though more widely spaced.. Stem lengths are the same and foliage and habit is similar. In Perfecta, the larger flower is its outstanding feature. 85¢ each.

PG-3 PINK FAIRY - At long last we can offer you a really good pink baby's breath -- one distinguished by its sturdy growth habits and extra large double flowers - often $\frac{1}{2}$ " across - of bright clear pink. It makes a low spreading growth and the short flower stems are unexcelled for low floral arrangements. 85¢ each.

HARDY PRIMROSES

The PACIFIC GIANT PRIMROSES are a wonderful strain with extra large flowers -- size of a half dollar -- borne in clusters of several in a bunch. Plant them in large groups for a most delightful display of spring color. The clear colors are outstanding and when planted in a shady moist place will bloom intermittently through the summer. For best results Primroses should be divided and replanted every second year. Mixed colors.

60¢ each; 3 for \$1.50

HARDY PHLOX

For a brilliant bold massed color effect during July and August the Hardy Phloxes are indispensable. The large handsome trusses of thickly clustered florets make Phlox the Queen of the Midsummer Garden. We offer strong 1 year old roots which will bloom this summer.

PX-1 RUBY LEE - Reddish purple flowers.

PX-2 CHIEFTAIN - Deep crimson red flowers.

PX-3 HAUPTMANN KOEHL - Dark carmine red flowers.

PX-4 BRIGADIER - Large brilliant rose florets with dark eye.

PX-5 ELIZABETH ARDEN - Large florets of delicate pink on a dwarf compact plant.

PX-6 WORLD PEACE - Large pure white.

PX-7 PINK CHARM - Bright clear pink flowers.

60¢ each; 3 of same variety for \$1.60

SP-5 HARDY PHLOX SPECIAL - 5 DIFFERENT VARIETIES OF OUR CHOICE LABELED FOR \$2.50.

PYRETHRUM (Painted Daisy)

PP-1 PAINTED DAISIES are showy daisy-like flowers of pinks and red in both single and double flowering forms. They are wonderful as cut flowers and the fern-like foliage makes the plants attractive even when they are not in bloom. Grow them in rich soil in a fairly sunny location. We have strong 2-year clumps. Mixed colors.

60¢ each; 3 for \$1.50

SHASTA DAISY

CS-1 IMPROVED ESTHER REED has extra large 4" flowers of pure white with sturdy stems. It is a vigorous grower and a continuous bloomer from June until late summer. Shasta Daisies are fine in the Perennial Border and give a wealth of cut flowers.

85¢ each; 3 for \$2.00

DELPHINIUMS

The tall, slender, graceful spikes of large well formed flowers make them ideal for tall borders, backgrounds, prize beds or cutting. They will grow 4 to 5 feet tall and will bloom the first year if proper care is given. The Delphiniums we offer are the GIANT PACIFIC HYBRIDS, outstanding and mildew resisting.

PD-1 BLACK KNIGHT - Deep midnight velvet.

PD-2 SUMMER SKIES - Light blue with white bee.

PD-3 KING ARTHUR - Deep royal violet with white bee.

PD-4 BLUEBIRD - Clear medium blue with white bee.

PD-5 GALAHAD - Fine clear white.

PD-7 ASTOLAT (Pink Delphinium) - From pale blush through all shades lilac pink to deep raspberry rose; fawn black or brown bee.

40¢ each; 3 of same variety for \$1.10

SP-1 DELPHINIUM SPECIAL -- TWO EACH OF THE 6 NAMED VARIETIES FOR \$4.00

TERRACE VIEW GARDENS

COLEUS

The beautifully colored leaves of this plant will enhance your garden or brighten any sunny window. Everyone loves the bright colors of the COLEUS. For best results temperature should not fall below 60 degrees F. at any time.

25¢ each or 10 assorted for \$2.25.

CLEMATIS VINES

The LARGE FLOWERED CLEMATIS varieties are considered by many to be the most beautiful of all flowering vines. They require little in the way of care other than a trellis on which to climb. They increase in loveliness each year and reward the gardener year after year with their magnificent flowers from July until fall. The plants we list are sturdy young potted plants which will grow and bloom for you this summer. Cultural notes are sent with order. Plants shipped only during April and early May.

CV-1 MME. BARON VEILLARD -- An extremely vigorous and satisfactory pink. The color is a clear lilac rose becoming much deeper in the fall.

CV-2 ERNEST MARKHAM -- A strong growing clematis in shades of red. One of the best light red clematisses. It blooms in July.

CV-3 ELSO SPAETH -- Very large clear bright blue flowered clematis. It blooms July to September.

CV-4 JACKMANI -- This is the old favorite deep purple clematis. It is a July bloomer.

CV-5 HULDINE -- Dainty translucent white blooms on this strong growing, free flowering clematis make it a favorite. It is in bloom from July to October.

\$1.60 each; 3 for \$4.25

OREGON GRAPE -- Mahonia Aquifolium

This true dwarf mountain grown MAHONIA is a broad leaf evergreen of easy culture growing in about any condition in either sun or shade. It is probably the most popular of the native Pacific Northwest plants now grown in the East. Its lustrous dark green, holly like foliage, golden plumes of flowers and light blue grapelike fruits in early summer make it effective for use in many situations, especially in evergreen foundation plantings and in partially shaded spots. It rarely exceeds 3 foot in height even after ten or more years of growth. The foliage is usually bronzy red in the winter. We offer young plants around 6" high with heavy fibrous root systems.

75¢ each; 3 for \$2.25

CANNAS

CB-2 KING HUMBERT - Scarlet red blooms and handsome bronze foliage. Grows to 4'.

CB-3 THE PRESIDENT - Dwarf 3 ft. canna of bright scarlet red flowers; green foliage.

CB-4 CITY OF PORTLAND - 4' canna of non-fading rose pink; green foliage.

30¢ each; 6 for \$1.60; 10 for \$2.50

DAHLIAS

This stock is field grown and it has been acclimated by growing in the rugged climate and soil of the Ohio Valley and is full of vitality.

****HOUSE PLANTS****

IVIES

- IV-34 FLUFFY RUFFLES--New! Appealing extraordinarily curled and ruffled leaves which remind one of swirling skirts. New growth is crested with velvety brown fuzz. It is slow growing but very self branching. Distinctive. Our own introduction. 85¢ each.
- IV-37 SHELL--A variegated ivy with rounded and scalloped leaves like a shell. 60¢ ea.
- IV-36 CALIFORNIA GOLD IVY--Large curly green leaves speckled heavily with yellow and sometimes blotches of lighter green. 45¢ each.
- IV-29 EMERALD JEWEL--Small three-pointed leaf; attractive free branching ivy. 45¢ ea.
- IV-24 FANNETTE IVY--Dark green leaves veined and shaped like a half-open palm fan. 45¢ each.
- IV-7 GREEN RIPPLE IVY--An easily grown plant with very rippled deep green leaves which are sharply notched and pointed. 45¢ each.
- IV-17 GREEN SPEARS IVY--Very slender spear-like leaves. 45¢ each.
- IV-15 IDEAL IVY--Slightly curly deep green leaves; free branching and useful. 45¢ ea.
- IV-10 JUBILEE IVY--A dwarf self branching plant with closely set, tiny light green leaves with white bands on margins. 45¢ each.
- IV-23 SHAMROCK IVY--Three joined lobes make each leaf. Gives trefoil effect to this lovely ivy. 45¢ each.
- IV-16 SWEETHEART IVY--Small dark green heart shaped leaves. Will make long trailing or climbing growth. 45¢ each.
- IV-26 TEAR DROP--Different! A self branching ivy with pretty green oval leaves. A crinkled or raised appearance between veins is evident. The leaves are in the shape of a tear drop. Our own introduction. 45¢ each.

- AECHMEA 'FOSTER'S FAVORITE'--Upright rosette with striking lacquered wine-red leaves; pendant spike of coral red goose neck berries tipped with deep blue flowers which blend. Very long lasting spikes of berries. Withstands some neglect. 4" pot \$4.00 ea.
- BILLBERGIA NUTANS--Tall narrow stiff grass like foliage with flowers of blue-edged green petals, conspicuous golden stamens and striking pink bracts. Decidedly out of the ordinary. Plants are shipped from 3" pots. \$1.25 each.
- PEDILANTHUS TITHYMALOIDES VARIEGATUS--The tri-color ovate leaves of pale green highly variegated white, and tinged carmine-red are borne on upright growing gray green fleshy stems; unique redbird bloom. 3" pot \$1.00 each.
- DWARF ALUMINUM PLANT--A small upright grower with broad green leaves beautifully barred with silver. Easy to grow. 50¢ each.
- SILVER AND BRONZE PANAMIGAS--New! Bronzy quilted leaves with silver stripes. Something different and quite attractive. 75¢ each.
- RUELLIA MACRANTHA--A rarely seen low creeper from Brazil. Leaves are satiny green with silver veins. Beautiful rosy-purple flowers. 60¢ each.
- CHLOROPHYTUM ELATUM VITTATUM---Improved. A lilaceous house plant, sometimes called Spider Plant. New plants reminding one of spiders or miniature airplanes are produced on the end of flower stalks. A wide white band runs through each leaf. 45¢ ea.
- PHILODENDRON CORDATUM--Glossy heart shaped leaves on long graceful vines are easily grown in soil or water. These plants grown two to a pot. 65¢ a pot.
- OPHIPOGON JAPONICUS--Lovely dark green grassy tufts of foliage which is very hardy and sturdy for planters and dish gardens. 60¢ each.
- ASPIDISTRA ELATIOR--It is known as Cast-iron Plant because of its ability to thrive almost anywhere with little care. Long glossy, heavy, green leaves are its characteristic. Purplish brown flowers are borne at the soil line. Out of 4" pots \$2.50 each.

CACTI AND SUCCULENTS

- CS-1 A collection of Cacti and Succulents you will enjoy. 4 Different \$1.25.
- C-1 Four different Cacti \$1.25 or eight different Cacti \$2.50.
- S-1 Four different Succulent \$1.25 or eight different Succulents \$2.50.

PEPEROMIAS

- PEPEROMIA ASTRID (Pixie) is a lovely plant with numerous waxy light green spoon-like leaves on short stiff stems. 50¢ each.
- PEPEROMIA BLANDA has grayish olive-green rounded leaves on an upright sturdy plant. 45¢ each.
- PEPEROMIA GRISEO-ARGENTEA (Silver Mound or hederifolia) is an elegant plant having silvery gray heart shaped crinkled leaves with darker sunken veins. A mound of beauty. 70¢ each.
- PEPEROMIA CUBENSIS is a sturdy but soft and graceful little self-branching plant. The fresh green waxy leaves are borne on reddish stems. 40¢ each.
- PEPEROMIA CLUSIFOLIA has thick fleshy leaves of metallic green with a reddish purple edging. 65¢ each.
- PEPEROMIA DOLABRIFORMIS is a curious plant with fleshy light green leaves folded together. They grow sidewise on the stems in a novel manner. It has also been called the "Prayer Peperomia". \$1.00 each.
- PEPEROMIA FOSTERIANA is a wiry trailing species with dark green leaves and light parallel veins. Leaves set in whorls of two or three around a dark red stem. A beautiful plant. 50¢ each.
- PEPEROMIA INCANA has broadly heart shaped, fleshy, gray leaves covered with felt. 75¢ each.
- PEPEROMIA MACULOSA with long pendant leaves which are waxy, deep green is very ornamental. It has silvery green to ivory white ribs. \$1.50 each.
- PEPEROMIA MAGNOLIAEFOLIA has large fleshy leaves four or five inches long of a glossy fresh green color. 75¢ each.
- PEPEROMIA OBTUSIFOLIA has oval waxy green leaves. It is a semi-trailing plant much used in planters. 40¢ each.
- P. OBTUSIFOLIA MINIATURE is a reduced form of P. obtusifolia which does not grow so fast and is more free branching. 45¢ each.
- P. OBTUSIFOLIA VARIEGATA is irregularly marked with creamy yellow and light green; erect or semi-trailing. 40¢ each.
- P. OBTUSIFOLIA VARIEGATA MINIATURE is a reduced form of the above which does not grow so fast and is more free branching. 45¢ each.
- P. OBTUSIFOLIA 'SILVER EDGE' is an upright grower with glossy green leaves edged with a narrow silver band. 40¢ each.
- P. OBTUSIFOLIA 'WHITE CLOUD' is similar to its parent but irregularly marked with white variegation. Very pretty. 50¢ each.
- P. OBTUSIFOLIA 'MARBLE' has beautiful marbellized yellow and green foliage. 60¢ each.
- P. 'VELVET PIN WHEEL' is unusual with small, thick, ovate leaves in whorls of four to six leaves around an erect red stem. The entire plant is hairy. 60¢ each.
- P. VERTICILLATA (pulchella) is a small, bushy plant densely covered with tiny green leaves, red underneath with red stems. 40¢ each.
- P. SCANDENS has waxy green heart shaped leaves on fleshy branches. It is a strong vining plant. 40¢ each.
- P. UROCARPA (Brazilian Queen) is a self branching and vining type of peperomia. It has soft pubescent light green leaves and many branches. Our introduction. 45¢ each.
- P. 'WEBER'S BASKET' has small bright green leaves on a semi-trailing plant. Very firm bushy plants when young. 45¢ each.

- BR-W Bronze Leaf White--75¢ each.
BR-R Bronze Leaf Red--75¢ each.
- CINDERELLA BEGONIA--Dark green foliage; large golden yellow center. 2 $\frac{1}{4}$ " pot 75¢ each.
CB-P Pink
CB-W White

TERRACE VIEW GARDENS

GREENCASTLE, INDIANA

Other PEPEROMIAS

PEPEROMIA CAPERATA (Emerald Ripple) has deeply corrugated and quilted leaves of forest green. 85¢ each.

PEPEROMIA GLABELLA VARIEGATA is a dainty, free branching plant with small light green elliptic leaves heavily variegated cream white on slender rosy pink stems. 75¢ each.

PEPEROMIA GRISEO-ARGENTEA 'Blackie' is like Silver Mound except the leaves are metallic olive green to blackish copper depending on light intensity. 75¢ each.

PEPEROMIS METALLICA has narrow waxy shining leaves of reddish copper with a metallic lustre and a silver green band down the middle. It is from Peru and has an upright but branching growth from a dark red stem. 75¢ each.

HOYAS - OLD FASHIONED WAX PLANT

HOYA BELLA has small waxy dark green leaves; non climbing dwarf habit of growth. It is excellent for growing in hanging baskets. Waxy white flowers with pink crown centers are borne while the plants are very young. Free blooming. \$1.00 each.

HOYA CARNOSA has thick waxy deep green ovate leaves with lovely waxy pinkish white flowers. 85¢ each.

HOYA CARNOSA VARIEGATA has ovate waxy green leaves edged with cream and an occasional tinge of pink; pinkish-white flowers; slow blooming. 85¢ each.

HOYA IMPERIALIS is tall growing, with downy stems and large shiny leaves with wavy margin which turns down. \$2.00 each.

HOYA KEYSI has roundish velvety gray-green leaves covered with fuzz; free flowering with off-white flowers. \$1.25 each.

HOYA LONGIFOLIA SHEPHERDII is a small wiry climber with very slender long green leaves; underside has darker stripe down center and outer edges of leaf. Small clusters of delicate white flowers. \$1.50 each.

HOYA MOTOSKEI has broad and thin waxy green leaves on a sturdy plant. Star-like flowers of a pinkish cream with a reddish purple crown. \$1.75 each.

HOYA SILVER LEAF (Unidentified Species) has long thick waxy oval green leaves splashed with silver; very beautiful ciliate maroon flowers. Rare. \$2.50 each.

PLECTRANTHUS AUSTRALIS (Swedish Ivy) A beautiful little creeper from Australia suitable for hanging baskets with small leathery fresh green waxy, almost rounded leaves. The stems are angular. 50¢ each.

CORDYLINE TERMINALIS 'Mme. Eugene Andre' (Var. Hawaiian Ti Plant) is a rugged plant with large sword shaped leaves of coppery green with shocking pink edge. \$1.50 each.

RHOEO DISCOLOR has upright growing waxy green leaves which are purplish on the underside. Small white flowers are formed in bract-like boats close to the stalk giving it the name of Moses-in-the-Cradle. 50¢ each.

CLERODENDRON THOMSONAE (Glory Bower) A beautiful climber with ovate quilted glossy deep green papery leaves. Flowers are very unusual and attractive with inflated white calyx. As calyx develops deep crimson flowers form at the base. This gives an overall appearance of strings and clusters of red and white lanterns. Needs to be grown in a large tub and put in the sunroom for best results. \$1.00 each.

PSEUDERANTHEMUM ATROPURPUREUM TRICOLOR is a shrubby plant with interesting large leaves which are metallic purple splashed with green, pink and white. 75¢ each.

AGLAONEMA TREUBII (Chinese Evergreen Species) is a slender plant with narrow leathery bluish-green leaves attractively marked with silver gray. It produces suckers making the plant bushy and pretty. \$1.75 each.

FICUS RADICANS VARIEGATA (Creeping Fig) is an attractive creeper with grayish green leaves irregularly marked with creamy white. 75¢ each.

BEAUCARNEA RECURVATA (Pony Tail Plant) is a very hardy and decorative slow growing plant with interesting bulbous base topped with a graceful rosette of linear pendulous leaves. It does well in planters in full sun or diffused light. 85¢ each.

SETOREASEA PURPUREA (Purple Heart) is a strong growing beautiful plant with very striking purple lance-shaped leaves on semi-trailing fleshy purple stems. It is related to the Wandering Jew and is very striking in hanging baskets. 50¢ each.

CYANOTIS VELDTHOUTIANA (White Gossamer) is a succulent creeper with linear, clasping, glossy green leaves covered with soft white hairs. Easy to grow. 75¢ each.

----*

FUCHSIA

The pendulous, bell-shaped flowers of the FUCHSIA exhibit a truly graceful beauty. There are upright growing types and hanging basket types.

HANGING BASKET FUCHSIAS

HF-1 SWINGTIME - Double milky white flowers with pink veining at petal base. Bright red upturned sepals. It is tops for hanging baskets being free-blooming, large flowered and of trailing growth.

HF-2 CLARET CUP - Also called Giant Cascade. Very heavy blooming basket fuchsia. Its nice single flowers are deep wine with light pink sepals.

HF-3 CHINA DOLL - Large double white flowers with red sepals. Showy, trailing growth for hanging baskets.

HF-4 MISSION BELLS - Large single flowers of deep purple, shaped like a bell. Red upcurved sepals. Fine blooming basket variety.
